The *BitGo Holdings, Inc.* class action lawsuit was filed on behalf of those who purchased or otherwise acquired *BitGo Holdings, Inc.* ("*BitGo*") ([NYSE: BTGO](#)) Class A common stock (1) pursuant and/or traceable to the registration statement and related prospectus (collectively, the "Offering Documents") issued in connection with the initial public offering ("IPO") on or about January 22, 2026; and/or (2) between January 22, 2026 and May 13, 2026, inclusive (the "Class Period"). Captioned *Jacques Arsenault v. BitGo Holdings, Inc.*, No. 26-cv-03428 (E.D.N.Y.), the *BitGo* class action lawsuit alleges that *BitGo* and/or certain of its officers and/or directors violated federal securities laws by making false or misleading statements and/or omitted to disclose material information.

COMPLAINT ALLEGATION SUMMARY:

The complaint alleges that, in the Offering Documents and throughout the Class Period, Defendants made materially false and/or misleading statements, as well as failed to disclose material facts about the company's business, operations, and prospects. Specifically, Defendants misrepresented and/or failed to disclose that: (1) the company was facing a significant risk that declining digital asset prices would impact its business and financial performance; and (2) as a result of the foregoing, Defendants' statements about the company's business, operations, and prospects were materially false and misleading and/or lacked a reasonable basis at all relevant times.

WHY DID BITGO'S STOCK DROP?

On May 13, 2026, *BitGo* issued a press release announcing, among other things, a net loss of \$60.7 million for the first fiscal quarter of 2026. *BitGo* attributed this loss to "weaker market conditions," and costs associated with its IPO. On this news, *BitGo*'s stock price fell more than 17%.

THE LEAD PLAINTIFF PROCESS:

The Private Securities Litigation Reform Act of 1995 permits any investor who purchased or acquired *BitGo* Class A common stock during the Class Period to seek appointment as lead plaintiff in the *BitGo* class action lawsuit. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. Filling out the online form above or communicating with any counsel is not necessary to participate or share in any recovery achieved in this case. Any member of the purported class may move the court to serve as a lead plaintiff through counsel of his/her choice, or may choose to do nothing and remain an inactive class member.
