### CASE BACKGROUND:

*Beyond Meat* is a California based company that develops, manufactures, and markets plant-based meat products.

The complaint alleges that, throughout the Class Period, Defendants made materially false and/or misleading statements, as well as failed to disclose material facts about the company's business, operations, and prospects. Specifically, Defendants misrepresented and/or failed to disclose that: (1) the book-value of certain of *Beyond Meat*'s assets exceeded fair value; (2) the discrepancies in asset value made it likely that the company would be required to record those assets as significantly impaired, which would likely impair its ability to timely submit period filings to the SEC; and (3) as a result of the foregoing, Defendants' statements about the company's business, operations, and prospects were materially false and misleading and/or lacked a reasonable basis at all relevant times.

### THE LEAD PLAINTIFF PROCESS:

The Private Securities Litigation Reform Act of 1995 permits any investor who purchased or acquired *Beyond Meat* securities during the Class Period to seek appointment as lead plaintiff in the *Beyond Meat* class action lawsuit. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. Filling out the online form above or communicating with any counsel is not necessary to participate or share in any recovery achieved in this case. Any member of the purported class may move the court to serve as

a lead plaintiff through counsel of his/her choice, or may choose to do nothing and remain an inactive class member.
