### **THE LEAD PLAINTIFF PROCESS:**

The Private Securities Litigation Reform Act of 1995 permits any investor who purchased or acquired *Graphic Packaging* securities during the Class Period to seek appointment as lead plaintiff in the *Graphic Packaging* class action lawsuit. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. Filling out the online form above or communicating with any counsel is not necessary to participate or share in any recovery achieved in this case. Any member of the purported class may move the court to serve as a lead plaintiff through counsel of his/her choice, or may choose to do nothing and remain an inactive class member.
