The *Ostin Technology Group Co., Ltd.* class action lawsuit was filed on behalf of those who purchased or otherwise acquired *Ostin Technology Group Co., Ltd.* ("OST") (NASDAQ: OST) ordinary shares between May 11, 2025 and June 26, 2025, inclusive (the "Class Period"). Captioned *Gordon v. Ostin Technology Group Co., Ltd.*, No. 26-cv-01288 (S.D.N.Y.), the OST class action lawsuit alleges that OST and/or certain of its officers and/or directors violated federal securities laws by making false or misleading statements and/or omitted to disclose material information.

If you lost money as a result of your OST investment and want to find out more about this action and your rights, fill out the form on this page or contact attorney Jonathan Naji, Esq. of KTMC by calling (484) 270-1453 or via e-mail at info@ktmc.com. Lead plaintiff motions must be filed with the court no later than April 17, 2026.

COMPLAINT ALLEGATION SUMMARY

The complaint alleges that, throughout the Class Period, Defendants made materially false and/or misleading statements, as well as failed to disclose material facts about the company's business, operations, and prospects. Specifically, Defendants misrepresented and/or failed to disclose that: (1) OST was the subject of a fraudulent stock promotion scheme involving social media misinformation, AI generated deepfake videos, and impersonated financial professionals; (2) insiders and/or affiliates facilitated a coordinated share dump; and (3) as a result of the foregoing, Defendants' statements about the company's business, operations, and prospects were materially false and misleading and/or lacked a reasonable basis at all relevant times.

WHY DID OST'S STOCK DROP?

In April 2025, Defendants engineered a fraudulent series of securities offerings designed to place the majority of OST shares with select investors for little to no consideration. For approximately two months, the fraudulent promotional campaign artificially inflated the value of OST offerings, before Defendants and their co-conspirators engaged in a mass, coordinated sell-off of their securities. When the sell-off occurred, it destroyed more than

\$950 million of *OST*'s market capitalization in a single day. As a result, on June 26, 2025, *OST*'s stock plummeted from a high of \$9.40 to \$0.55.

THE LEAD PLAINTIFF PROCESS:

The Private Securities Litigation Reform Act of 1995 permits any investor who purchased or acquired *OST* ordinary shares during the Class Period to seek appointment as lead plaintiff in the *OST* class action lawsuit. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. Filling out the online form above or communicating with any counsel is not necessary to participate or share in any recovery achieved in this case. Any member of the purported class may move the court to serve as a lead plaintiff through counsel of his/her choice, or may choose to do nothing and remain an inactive class member.
