Captioned *Signh v. Defendant*, No. 26-cv-01048 (S.D.N.Y.), the *Paysafe* class action lawsuit alleges that *Paysafe* and/or certain of its officers and/or directors violated federal securities laws by making false or misleading statements and/or omitted to disclose material information.

### COMPLAINT ALLEGATION SUMMARY:

The complaint alleges that, throughout the Class Period, Defendants made materially false and/or misleading statements, as well as failed to disclose material facts about the company's business, operations, and prospects. Specifically, Defendants misrepresented and/or failed to disclose that: (1) *Paysafe's* e-commerce business had significant exposure to a single high risk client causing the company's credit loss reserves and/or write-offs to be understated; (2) *Paysafe* had an undisclosed issue with higher risk Merchant Category Codes ("MCC"), making its client services difficult to bank; (3) these issues were likely to have a material negative impact on the company's revenue growth and overall revenue mix resulting in *Paysafe* being unlikely to meet its own previously issued financial guidance for fiscal year 2025; and (4) as a result of the foregoing, Defendants' statements about the company's business, operations, and prospects were materially false and misleading and/or lacked a reasonable basis at all relevant times.

### WHY DID PAYSAFE'S STOCK DROP?

On March 4, 2025, *Paysafe* submitted its annual report for the 2024 fiscal year that touted the company's strong banking relationships and sufficient reserves for expected credit allowances and write-offs. Then, on August 12, 2025, *Paysafe* again announced positive

financial results and affirmed the previously reported sufficient reserves. However, on November 13, 2025, *Paysafe* issued a press release announcing its third quarter financial results missed consensus estimates by \$5.8 million, and that the company saw a net loss of \$87.7 million. On this news, *Paysafe's* stock fell 27.6%.

**THE LEAD PLAINTIFF PROCESS:**

The Private Securities Litigation Reform Act of 1995 permits any investor who purchased or acquired *Paysafe* securities during the Class Period to seek appointment as lead plaintiff in the *Paysafe* class action lawsuit. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. Filling out the online form above or communicating with any counsel is not necessary to participate or share in any recovery achieved in this case. Any member of the purported class may move the court to serve as a lead plaintiff through counsel of his/her choice, or may choose to do nothing and remain an inactive class member.
